## PRIVATE SECRETARY'S OFFICE.

### NOTIFICATION.

ROYAL MILITARY COLLEGE, SANDHURST.

No. 1.—Intimation has been received from the Army Department of the Government of India that the usual entrance examination for the selection of Indian and Anglo-Indian candidates for admission to the Royal Military College, Sandhurst, for the term commencing at Sandhurst in September 1938, will be held in India from about the 20th April to the 11th May 1938. The following information is published for the use of intending candidates.

1. The Royal Military College is maintained for the purpose of affording a special military education to British candidates for entry into the Cavalry, Infantry and Royal Army Service Corps of the British Service and to British and Indian candidates for admission to the Indian Army. It is selected exclusively for those who desire to make the Army their permanent profession of life.

Anglo-Indian candidates are also permitted to compete at the entrance examinations under the same conditions as Indian candidates, but European or pure European candidates may compete at the Sandhurst entrance examinations in England only.

Candidates who were unsuccessful at a previous entrance examination are disqualified from applying again and applications from such candidates will, under no circumstances, be considered.

2. Candidates must be between the ages of 18 and 22 on the 2nd July 1938 and must state their age definitely. No exception to the prescribed age limits can, in any circumstances, be made.

3. Candidates must be prepared to pass a qualifying examination, the detailed syllabus of which is printed as Appendix A to this notification. The general educational standard required is that prescribed for the diploma of the United College, a school-leaving certificate recognised by a Local Government, the Matriculation certificate of an Incorporated University or any higher examination.

Age limits.  
Qualifying examination and educational standard.

and examination.

4. Candidates will, in addition, undergo a special oral test which will be conducted by a Board of Officers convened under the authority of His Excellency the Commander-in-Chief. This test is to enable the Board to form an opinion as to the candidate's general character from the point of view of his suitability as an army officer.

Medical examination.

5. Candidates will be examined by a Medical Board at Delhi and will not be accepted unless they are pronounced physically fit for His Majesty's service. The general standard demanded is that laid down in Appendix II to this notification.

The Board has power—

(a) To pass the candidate as physically fit.

(b) To reject the candidate as unfit, i.e.—

(i) In a case in which the defect may be cured by operations or treatment, to be pronounced by a Medical Board after such operation as treatment.

(ii) In a case in which the candidate is slightly below one or other of the standards as to height, chest, girth, etc., enumerated in Appendix B and at which the Board considers that he is likely to attain the required standard before the time elapses for him to be appointed to a commission, to recommend that, if successful in the competition, he be allowed to join the Royal Military College subject to the condition that, unless at the end of the course he is found to reach the standard which has been set, he will not receive his commission.

(c) To reject a candidate as physically unfit.

A candidate who has been passed by a Medical Board as physically fit in connection with the previous Army Entrance Examination will not be exempt from being re-examined by a Medical Board.

Candidates are required to attach to their applications a *medical certificate* from a qualified medical officer to the effect that they come up to the prescribed standard, and also a *statement* certifying that they have been successfully (or twice successively) vaccinated within the last five years.

Parent or guardian's statement.

6. Candidates are required to furnish a declaration in the following form signed by their parents or guardians:—

"I, \_\_\_\_\_, father of \_\_\_\_\_ a candidate for admission to the Royal Military College, Sandhurst, am able and willing to pay the prescribed fees and meet the incidental expenses."

It is my intention to make the Army my only professional profession in life.

Signature of parent or guardian.

Free passage and travelling allowances.

7. Subject to the restrictions specified below, free passage will be admissible on the following conditions:—

(i) to selected candidates attending the medical and qualifying examinations in India from their homes and back;

(ii) when permitted to join the Royal Military College, Sandhurst, from their residences in Great Britain.

The amount admissible on account of railway, river and sea passages within Indian limits will be restricted to one first-class fare for each candidate. The amount admissible for road passages will be restricted to the half-gate rate of first-class rail-ways when travelling on duty.

Applications for railway fares should be made to the Military Secretary to His Excellency the Governor of Madras. Passages by sea from India to the Kimberley Commandant, Beaufort, under orders from Army Headquarters.

No travelling allowances is admissible to candidates in connection with their journey to Madras or Outram, as the case may be, for the purpose of interviewing His Excellency the Governor.

8. Unless a Government building is available, Army candidates will be provided with private accommodations usually in a hotel at Delhi. Candidates will be charged for sleeping, but the cost of the rest of the quarters will be borne by Government. Details arrangements will be made for these candidates who are provided, by note, from saving the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will, on no account, be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while in India.

In no circumstances will candidates or their parents, guardians, relatives, or friends be permitted to interfere in any affairs of the Army Headquarters Staff, other than the officer detailed for the purpose, or any other person connected with the examination or selection of candidates. An attempt to do so is liable to entail the disqualification of the candidate.

9. Selected candidates will be sent to England by sea in charge of a British officer, who will be appointed Captain by Army Headquarters, and who will escort the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 500 to cover the cost of expenses incurred during the voyage to England.

Indian Candidates who pass out of the Royal Indian Military College, Sandhurst, in July annually, will, if they so desire, be granted return passages to India at Government expense, by private steamer. Any candidate however, who seeks his own conveyance, does not incur all charges of his admission by the 1st September of the year in which he passes out will be required to Great Britain for passage by steamer to India.

10. The fees for candidates at the Royal Military College, Sandhurst, are shown below.

(a) For a King's Indian Cadet—as may be arranged by the Secretary of State for India in Council.

(b) (i) For cost of arriving officers (transport of mail, or of officers who did not arrive), or of officers who retired with and live then, i.e. year, month, or of officers who retired on account of age, or death, etc.

Fees for three terms—£100 or £100 or £100 or £100 to be determined in each case at the discretion of the Army Council.

(ii) For cost of private postmaster, officers or soldiers not otherwise provided for.

Fees for three terms—£100 or £100 or £100 or £100 to be determined in each case at the discretion of the Army Council.

The reduced rates will carry a proportionate reduction in the amounts otherwise chargeable for uniforms, books, etc.

The reduced rates of fees laid down for the cost of officers do not apply to students who are wholly or partially dependent on stipends. The stipend of an officer can only be admitted at a reduced rate when the services rendered by his father qualify for a reduction.

11. In addition to the fees specified in paragraph 10, a sum of £100-0-0 should be provided for the expenses of the examination.

Contingent account ..	£ 4 0 0
Food and money—14 months ..	at £3 per month ..
14 weeks' washing expenses ..	at £1-0-0 per week ..
	24 0 0

	D. A. R.
Extra pocket money during vacation (15 weeks) at £1-5-0 per week ..	56 15 0
Burdens during the three terms and outfit on being commissioned ..	300 0 0
	<hr/> 415 4 0

12. The sum for sundries includes additional expenses during the vacation, such as travelling and entertainment. The expenses of outfit will, as far as possible, be kept within the above limit, but the parents or guardians of cadets must be prepared to pay any excess over their estimate.

13. The above estimate does not provide for European kit on arrival in England other than the amount required for College uniform; for the purchase of European kit an additional sum of from £100 to £200 should be provided.

14. An allowance of 4s. a day, in aid of the expenses of messing, washing, and other outgoings, will be admitted to a cadet against the public for each cadet as long as he is in possession of the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

15. If a cadet is absent a whole term in consequence of sickness, a payment of £10 shall be required in lieu of the half-year's contribution for the privilege of the term being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

16. If a cadet is restricted or removed during a term, his daily allowance shall come from the date of such restriction or removal, and his contribution made for the half-term shall be forfeited, unless otherwise specially decided by the Army Council.

17. (a) If a cadet is absent from sickness during a portion of the term, his allowance shall continue to be paid and applied to his account. In exceptional cases a refund of the contribution for the period of absence may be authorized by the Commandant, and in such cases the cadet's allowance shall cease for the period of the refund.

(b) If a cadet is admitted for treatment to a direct military hospital, stoppages will be charged for the period of his detention in hospital at the following rates:—

(c) 2s. 6d. a day during the period that the daily allowance specified in paragraph 15 continues to be credited to his account.

(d) 10s. a day if and when the daily allowance ceases to be credited to his account by reason of the contribution, or portion thereof, due under paragraph 15, for the period of his absence not having been paid or having been refunded in accordance with paragraph 14.

18. Parents or guardians of candidates are required to pay two-thirds of the estimated expenditure before the beginning of the first term of the Cadetship course and the remainder one-third before the commencement of the third term.

As it is impossible for Indian cadets to return to India during the vacation, arrangements will have to be made for their accommodation in England during those periods, either by their parents or guardians or by the India Office on behalf of the latter.

19. The normal length of the course of instruction will be about eighteen months divided into three terms. The College term will be:—

Spring term—From about beginning of February to about middle of July.

Autumn term—From about beginning of September to about middle of December. The intermediate periods will constitute the vacation.

20. The subjects which form the course of studies, which are liable to alteration from time to time, are given in the following table:—

#### Subjects.

Tactics, Artillery, Field Engineering, Hygiene, Map reading and Field sketching, Organization and Administration.

Military Law.

History and English (including Military History).

Geography.

Advanced Subjects (Science, French or Advanced History).

Draft.

Equitation.

Weapon Training.

Physical Training.

21. The aggregate marks will determine the cadet's place in order of merit when passing out for appointment to a commission.

22. To qualify for promotion to a higher term, a cadet will be required to obtain not less than 4/5 of the aggregate marks allotted to the term.

To qualify for appointment to a commission from the third term, a cadet will be required to obtain not less than 4/5 of the aggregate marks allotted to the term.

To exceed marks in any subject, a cadet must obtain not less than 4/5 of the total marks allotted to that subject for the term.

23. At all examinations a deduction of marks, up to 5 per cent of the maximum, will be made for handwriting which is defective in form. A similar deduction, up to the same limit, will be made for bad English spelling.

These deductions will not reduce below the qualifying minimum the aggregate marks obtained by the cadet.

24. A cadet who fails to obtain the qualifying minimum of marks for any term will lose that term, and will forfeit all claim to compete for appointment to the Indian Army. He will be warned that if he fails at a subsequent examination he will be removed from the College.

25. In order to ensure due diligence during the whole period of residence, there will be an examination at the end of each term and failed either by the Instructional staff of the Cadet College or by independent examiners.

26. When a cadet passes out of the Cadet College, the Commandant will certify that all debts have been paid. In those cases where this certificate is issued he gives, the granting of a commission will be liable to be withheld unless such debts are discharged.

27. All cadets are expected to pass the Regulation Army Test in swimming; those who cannot swim on joining the Cadet College must attend instruction in swimming. Any one who ultimately fails to pass the test will, at the discretion of the Commandant, lose not more than 200 marks he has gained in physical training.

28. The case of a cadet who shows an exceptional aptitude or lack of aptitude, owing to education or other factors of his own, will be specially considered by the Commandant, who will report the action taken to the Under Secretary of State, the War Office. It is not more than 75 per cent of the marks allotted to the examination which he should.

\* This figure has been temporarily reduced to 1.

Form of  
the, or, by  
means of  
provision.

Form of  
recognition.

22. Cases of protracted absence on account of sickness will be referred to the War Office for decision.

As each final examination there will be awarded—

(a) The King's Medal and a sword to the cadet who passes out first on the list.

(b) The Victoria Medal to the senior cadet appointed to the unattached list for the Indian Army.

(c) A sword of honour as a special reward to the most deserving cadet of the term.

(d) A prize for proficiency in each subject.

23. At the end of each session term, the *Arms Memorial Sword* will be given in case of an ordinary sword to the cadet who passes out first on the list.

24. A cadet who drops a term from courses after ten cadets, unavailably on his part, will forfeit all claim to prizes, to the King's Medal, the Victoria Medal, and to the Arms Memorial Sword.

#### Other Conditions.

25. Twenty-five cadet scholarships for the Royal Military College, in value £150 each, will be open for competition half-yearly to cadets who have completed their first year of instruction at the Cadet College and who are some of officers who joined their universities through an Officer Cadet Unit during the Great War.

26. Cadet-scholarships will be awarded to those cadets who are eligible under paragraph 22 and who are highest in order of merit according to the marks obtained under paragraph 37.

27. In the event of the number of candidates eligible under paragraph 22 falling short of the number of cadetships available, the remaining cadetships will be open to competitors to cadets who are the sons of serving or retired officers of the Royal Navy, the Regular Forces and the Royal Air Force.\*

28. A cadet who has been stationed on who has dropped a term for other reasons than sickness (see paragraphs 14, 15 and 26) will not be eligible for a Cadet Scholarship.

29. The following marks will count towards Cadet Scholarships:—

(a) All marks gained by cadets in their first year which count towards the aggregate (see paragraph 22).

(b) Marks for each subject which represents the Cadet College reports at the rate of 100 marks for each "pass" and 50 marks for each "half pass."†

(c) Marks for examinations gained during first year at the rate of 200 marks for second and 100 marks for honours papers.

30. While no enquiry will be made into the views of the parents or guardians of cadets, Cadet Scholarships are essentially designed to give assistance to those who stand in need of the assistance afforded to them. Parents or guardians of cadets will therefore be invited to resign the appointment of a Cadet Scholarship should they be in a position to do so, retaining the similar distinction for their sons or wards. The appointments so resigned will be offered to the next cadet on the list who is eligible. A list of cadets to whom Cadet Scholarships have been awarded will be published each half-year.

\* To include those who, while holding appointments, leave for other reasons, to the Royal Navy, Royal Marines, Royal Air Force, Indian Army Reserve of Officers, Militia, Territorial Force, New Armies, Forces of the Overseas, Garrison and Royal Air Force, served overseas with an Imperial Service Force between 20th August, 1914 and 11th September 1917.

† The figures as to what constitutes a "pass" and a "half pass" will not vary the conditions.

31. A cadet who has gained a Cadet Scholarship will be subsequently expelled or removed, or dropped into a lower class than that in which he originally started on joining the Cadet College for other reasons than sickness (see paragraphs 14, 15 and 26), he will be called upon to surrender the cadetship gained as a cadet scholar.

A cadet scholar who forfeits his scholarship will be liable to rejoin such position as may be determined by the Army Council of the financial benefits that he has received as a cadet scholar.

32. King's India Cadets and Honorary King's India Cadets will be permitted to compete for Cadet Scholarships, provided they are eligible.

#### SCHOLARSHIPS FOR OFFICERS APPOINTED TO COMMISSIONS IN THE HONOURABLE ARMY TRADE CORPS, ROYAL MILITARY COLLEGE.

33. Scholarships of the annual value of £150, tenable for five years, are granted to officers appointed to commissions in the Regular Army from Royal Military College, Sandhurst.

34. Six scholarships will be allotted half-yearly, commencing with the Regular Army candidates gazetted in February 1922, which will make cadets joining the Royal Military College in August 1924 eligible to compete.

35. The following will be recipients of these scholarships:—

(i) The cadet awarded the Sword of Honour.

(ii) The cadet passing out with the highest aggregate of marks.

(iii) The cadet, awarded to the College under Army Order 412 of 1922, obtaining the highest aggregate of marks.

(iv) The cadet passing out with the second highest aggregate of marks.

(v & vi) The two marks recommended by the Commandant as the most meritorious on the grounds of all-round efficiency.

36. Payment will be made by the Army Agents of Payments issuing the officer's pay, in ten instalments of £15 each second half-yearly in advance. The first payment will be made on the notification of the officer's appointment in the London Gazette. The amounts awarded will be charged against Band 1 and Vote 12 as in the case of the pay of the officers. If an officer is transferred to India, payment, a sum will be made in the last-pay certificate showing the period covered by the last payment.

37. The Controller of Military Accounts in India will continue the payment of the scholarship with reference to the information given on the Home Army certificate, vide paragraph 8 of the Army Order and which is the minor head in which the pay of the officer is debited. In the event of the officer being transferred from the payment of a Controller, a note showing the period covered by the last payment will be made on the last-pay certificate.

38. No refund will be required in respect of any payment already made in the event of an officer becoming non-effective or otherwise ceasing to be entitled to the grant.

39. The winners of scholarships who are offered to do so will be given the opportunity of resigning the appointments attaching to the scholarship in favour of those less favourably recommended. In such a case, the winner would still retain the title of distinction.

40. An officer holding a scholarship will be liable, at the discretion of the Army Council, to forfeit it for non-service.

\* In the event of one cadet qualifying under more than one head, the Commandant will be invited to make a recommendation. He should not hold more than one scholarship.

**King's India Cadets and Honorary King's India Cadets.**

*This section is applicable only to (a) candidates for King's India Cadets, who are one of persons who have served in India in the Military or Civil Service of His Majesty or of the East India Company, and (b) candidates for Honorary King's India Cadets, who are one of Indian holders of the King's Commissions or the Indian Army or Indian Medical Service.*

35. King's India cadets will be recruited by the Secretary of State for India in Council, under the provisions of 21 and 23 Vic. c. 120, and 22 and 24 Vict. c. 120, from any of persons who have served in India in the military or civil service of His Majesty, or of the East India Company.

36. Three honorary King's India cadets are nominated annually by the Secretary of State for India in Council.

Each cadet is appointed from—

(a) The sons of officers of the Indian Army or Indian Medical Service who were killed in action or have died of wounds received in action within six months of such wounds having been received, or from those brought on by disease, privation, or exposure, connected to active operations in the field before an enemy, within six months after their having been first certified to be ill.

(b) The sons of officers of the Indian Army or Indian Medical Service who have obtained the breast or substantive rank of major or lieutenant-colonel, and have performed long or distinguished service.

37. An application for King's India cadenship or for an honorary King's India cadenship on behalf of an Indian candidate should be addressed to the Secretary to the Government of India, Army Department.

38. King's India cadets, and honorary King's India cadets, will be required, before admission to the College, to qualify *vis-à-vis* obtain 25 per cent of the marks allotted in each of the three obligatory subjects of Class I of an Army Entrance Examination, and to furnish satisfactory evidence that they are eligible with regard to age and education. For India of age, see paragraph 2.

39. King's India cadets may be exempted from paying the following sums towards covering the expense of uniform, books, library, recreation, etc. (included in the contributions referred to in paragraph 20) if as decided by the India Office—

On joining the College .. ..	£ 55
Commencement of third term .. ..	15

40. Cadets are subject to such rules and regulations as are, or may be, from time to time established for the maintenance of good order and discipline of the Cadet College.

41. The Commandant has the power of restriction, and also of suspending a cadet for misconduct to stop a time or to keep him in the list of unsatisfactory candidates for commissions. In all such cases, the consequences will be reported by the Commandant to the Under Secretary of State, the War Office. A suspended cadet will forfeit his right to be considered for the Indian Army or the Royal Army Medical Corps.

42. A cadet may, by order of the Commandant who will report the circumstances to the Under Secretary of State, the War Office, be kept for two consecutive terms in the same position, either as a punishment for a breach of discipline, or in the case of a backward cadet, where it is considered that he would benefit by extra instruction.

43. In cases requiring more serious action, cadets removed or sent home, on the report of the Commandant to the Secretary of State, the War Office, to—

- (1) Resigned, or
- (2) Expelled.

44. The name of any cadet expelled will be recorded at the War Office, and may, if in the opinion of the Army Council the circumstances warrant it, be made known to the First Lord of the Admiralty, the Secretary of State for India, the Secretary, the War Office, and the Civil Service Commission, in order to prevent the admission of the cadet into His Majesty's naval, military, or civil service, or home, abroad, or Indian civil service.

45. A cadet is also liable to be removed from the Cadet College—

- (1) For moral or physical infirmities;
- (2) For unsatisfactory progress in his studies, or physical exercises; or
- (3) If reported by the Commandant as unfitted to become an efficient officer.

46. On receipt of information from the Secretary of State for India of the removal or suspension of an Indian cadet from the College, the Local Government or Administration concerned will be notified in order that the person in question of the cadet may be informed.

47. Cadets will salute all officers on uniform, and salute those whom they know to be officers when not in uniform. They will also salute the civilian professors and instructors of the Cadet College.

48. Officers Commanding Companies have certain Privileges, powers of punishment delegated to them, and will report to the Commandant, through the adjutant, all punishments which they may inflict.

49. Officers, chief instructors, professors and Privileges instructors are not permitted to give private instruction on payment to cadets, either during the vacation or at any other time.

50. No person belonging to the Cadet College is permitted to receive a present from any cadet, or from the relations or friends of any cadet. Any unauthorised officer, constable, or employee, who attempts to present to a cadet is liable to be removed or expelled, and the cadet giving it is liable to be punished for disobedience of orders.

51. They will, while at the Royal Military College, belong to the ordinary College Mess and, as special meeting arrangements are made on their behalf.

52. Indian cadets are required to appear at all times in the uniform of the College except when on leave or when otherwise exempted by the Commandant, but they will be allowed to wear their national head dress should they so desire.

53. They will not be allowed to take servants or personal attendants of any kind to the College.

54. One of the rules for admission to the Royal Military College is that a cadet should be unmarried. This rule will be waived in the case of Indian candidates, but in no circumstances will a cadet be allowed to take his wife or family to England.

55. Cadets from India will have to qualify in the appointment necessary passing out commissions and will, as such, be eligible for King's commissions. Before being posted to a commission, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commissions will enter the Indian Army as Second Lieutenants.

The appointment of Commissioned cadets, after passing out of the Royal Military College, in particular regarding the nature and duration, is governed by the existence of vacancies and the requirements of the service. Indian Cadets will be posted to one of the units selected for Indianisation: subject to these

positions, appointments will be made on the following principles:—

(1) The first consideration will be given to those candidates who possess highest as the list of successful candidates from the Royal Military College, and the Government of India reserve the right to consider specially favourably or territorial claims representative of the candidate's position on the list.

(2) A candidate having any special family or territorial connection with a regiment should describe this connection in the preference form which he will be required to fill in during his last term at the College, and similar consideration will be given to such claims in deciding the question of his appointment.

(3) Candidates without special claims are at liberty to apply for particular regiments (not exceeding three).

(4) In making first appointments the candidates' wishes, as stated on the preference form, will be met as far as possible, having due regard to the preceding paragraphs.

There is no objection to a Colonel of a regiment submitting a recommendation to Army Headquarters, India, on behalf of a candidate whom he may desire to be appointed to his regiment.

As Prospective Indian candidates who are resident in India should apply for recommendation to the entrance examinations held in India, and only those candidates who have been resident in the United Kingdom for several years will be permitted to present themselves for examination by Selection Board held in that country. The Selection Board held in the United Kingdom is set up for the purpose of examining candidates who have been resident in the United Kingdom for several years and have received their education in that country, and not as an alternative to the examination held in India for candidates educated in India.

Intending candidates should submit their applications in the form below:—

#### FORM OF APPLICATION.

- (1) Name in full (to be typed or hand printed).
- (2) Date of birth (this must be definitely stated).
- (3) Date and place.
- (4) Name, occupation and address of father, stating if living or deceased.
- (5) Name, occupation and address of guardian or uncle next-of-kin in event of father not being alive.
- (6) Full particulars of any military service rendered by candidate's father.
- (7) Brief summary of any military service rendered by candidate or near relatives.
- (8) Place and standard of education, examinations passed, with dates, degrees qualifications other than English, describing certificates.
- (9) Whether able to read and what games played.
- (10) Permanent address in India.
- (11) Particulars of non-military service (if any) in any Government (Civil Department) rendered by near relatives of candidate.
- (12) Optional subjects selected.
- (13) Whether free-hand drawing selected or not.
- (14) Whether medical and vaccination certificates and parent's declaration's declarations attached (vide paragraphs 6 and 8).

applicant.

To, The Private Secretary to His Excellency the Governor of Madras, to whom application should be made not later than 10th March 1928, will inform to the selected candidate the date of their

selection. His application received after the 10th March 1928, can be considered.

21 Candidates now informed that copies of the new "Preferential Regulations" respecting the admission list of Indian Candidates to the Royal Military College, Sandhurst, 1928" and the Reports on the written Examination of Indian Candidates held in India, can be obtained from the Manager, Government of India, Central Publications Branch, 8, Hastings Street, Calcutta, at a cost of two annas per copy.

#### APPENDIX A.

SYLLABUS OF EXAMINATION FOR INDIAN CANDIDATES FOR ADMISSION TO THE ROYAL MILITARY COLLEGE, SANDHURST.

The subjects of the written examination, and the maximum number of marks obtainable for each subject are as follows:—

#### Class I.—Compulsory

	Marks.
(i) English and General Knowledge ..	100
(ii) British Imperial History and General Geography ..	100
(iii) Elementary Mathematics ..	200

#### Class II.—Optional

	Marks.
(iv) Physics and Chemistry or General Science ..	150
(v) Intermediate Mathematics ..	100
(vi) Urdu ..	100
(vii) Modern Persian ..	100
(viii) Telugu ..	100
(ix) Sanskrit ..	100

All the subjects in Class II must be taken up, and one subject of Class II may be taken, one only of which may be a language.

In addition, candidates may take up freehand drawing, to which 100 marks will be allotted.

A candidate offering "Physics and Chemistry" or "General Science" must produce a certificate from the Head of his School or College to the effect that he has had at least eighty hours' practical training in a laboratory.

To qualify, candidates will be required to obtain not less than 50 per cent in each obligatory subject, and to obtain a total of 550 marks in the aggregate for the whole examination. Candidates will not be given credit for marks in an optional subject when such marks are less than 35 per cent.

Candidates who qualify and who are the sons of Indian officers will be awarded extra marks on the following scale, and it is, therefore, essential that full particulars of the father's service are given on the recommendation form:—

	Marks.
Son of an officer of Regular Indian Army, killed in action, or died of wounds, or of gallantry in action ..	100
Son of an officer of Cavalry, Infantry, or Artillery, of the Indian Army who has at least 10 years' service, or was wounded in action ..	50
Son of an officer of Cavalry, Infantry, or Artillery with less than 10 years' service, or of an officer of other Branches ..	25

Note.—Candidates will not be permitted to change the subjects they select after forwarding the application.

#### SYLLABUS OF SUBJECTS FOR THE WRITTEN QUALIFYING EXAMINATION.

##### ENGLISH.

Marks 100.

Essay.—Three alternative subjects to be given for an essay on any or some of which candidates may choose one.

Reproduction of a passage read out in the candidate's class.

General paper (to test general knowledge and intelligence).

# BRITISH IMPERIAL HISTORY AND GEOGRAPHY.

Maths 202.

The age of discovery.  
Trade and Settlement.  
Foreign wars, their causes and the additions to the Empire resulting from them.  
The contributions of the Dutch, the Portuguese, the French, the British, and the Americans.  
The general expansion of the Empire from the beginning of the 17th century to 1814.  
The Empire during the Great War.  
The readjustment of the Empire and the World as a result of the Great War.  
The general geography of the World and its geographical laws.  
The size and shape of the earth; latitude and longitude; general distribution of land and sea.  
The atmosphere; seasonal and regional variations of temperature, pressure, and winds.  
The sea—forms and temperatures of the ocean; drift and ocean currents; the tides.  
The land: characteristics and distribution of mountains, hills, plateaus, and plains; plains; action of ground and surface water, ice, and wind; types of land forms, characteristics of river systems.  
Effects of climate on vegetation; characteristics and distribution of forests, grass lands, and deserts. Animals characteristic of the chief vegetative regions; the great living groups.  
General characteristics and distribution of the chief races of mankind.  
Distribution of population and of occupations in relation to physical features, climate, and vegetation; the natural divisions and the chief products of each region; geographical reasons for the position of the great cities of the world and the routes between them. Frontiers.  
Simple methods of making maps.  
Candidates will be expected to show an elementary knowledge of the topography of the world, and to be able to read topographical and statistical maps, including Ordnance Survey maps.  
The Geography and History of India and neighboring countries is desired.

## MATHEMATICS (ELEMENTARY).

Maths 203.

Arithmetic.—The ordinary processes of arithmetic; the common units in the order of measurement of length, area, volume (including galls, quarts, gallons) and weight (avoirdupois); the metric system, and how with their common multiples and sub-multiples; time and angles, dates and a.c.t. A knowledge of interesting decimals and the process of extracting the cube root will not be required. Questions will not be set on "practical work" or "true discount." The use of scientific notation will not be required.  
Questions will also be set on the use of colons and vertical, or determination of areas, by direction (proportion figures, circles), by squared paper, by weighing; area of cross-sections and diameter of a tube; determination of volume, by dimensions (rectangular block, sphere, cylinder), by displacement (overflow, graduated jar, beaker), by weighing; use of volume; determination of density and specific gravity.  
The use of algebraic symbols and processes, and the use of slide rules and tables of logarithms will be allowed.  
Algebra.—The expression of an arithmetical progression in a formula; easy questions on the simplification of algebraical expressions, such as might arise in dealing with practical problems; recognition of a formula; derivation of a formula for numerical values of its variables, simple equations; easy quadratic equations, solution of

two linear simultaneous equations; algebraical solutions of slow 31 in the Cambridge University schedule; easy factors; easy graphs; change of the subject of a formula; the use of four-figure logarithmic tables.

Geometry.—Practical and theoretical geometry according to the Cambridge Geometry Schedule. Proof and solution of the propositions in solid such as: spherical triangles; solution of right angled triangles by geometry or by use of cosine and tangent.

Candidates will be expected to be acquainted with the forms of the circle, solid sphere, cylinder, the cone, the rectangular block, the sphere, the cylinder, the cone, the right pyramid, and the cone.

In the choice of special instructions that a question is to be answered by a particular method, candidates are at liberty to show their method from any branch of mathematics.

## PHYSICS AND CHEMISTRY.

Physics

Maths 204.

(a) Heat and Light.—Sources and production of heat; thermometry expansion, calorimetry, specific heat, change of state, latent heat; convection, conduction, and radiation. Relation of heat to other forms of energy; the mechanical equivalent of heat. Spectral apparatus.  
Production and propagation of light; the reflection and refraction of light at plane and spherical surfaces; the formation of images; mirrors and simple lenses, simple optical instruments. Dispersion and colour vision.

(b) Electricity and Magnetism.—Simple experiments and measurements with magnets; laws of force; electrical magnetism. Elementary principles of electrostatics; electrostatic induction. Simple laws of cells; electromotive force, current, resistance; the magnetic circuit, and the effect of a current; methods of measuring currents. The magnetic permeability and permeability. Electro-magnetic induction; elementary questions on the application of these principles, e.g., to the dynamo motor, telegraph or telephone, may be set.  
Practical Work.—Simple qualitative experiments to illustrate the phenomena of heat; use of the calorimeter. Experiments with plane and convex mirrors and convex lenses.  
Simple experiments on magnetism: magnetic field; comparison of magnetic moments and of pole strengths. The electrostatic and electrophores. Use of the tangent galvanometer to compare resistances and electromotive forces; simple experiments in electrolysis. Wheatstone's Bridge, determination of specific resistance.

## CHEMISTRY.

The distinction between elements, compounds, mixtures; the laws of conservation, equivalent weight, molecular weight, atomic weight, and their determination by direct methods only.  
The structure of the following elements and of their chief compounds—Hydrogen, Chlorine, Bromine, Iodine, Oxygen, Sulphur, Nitrogen, Phosphorus, Carbon, Potassium, Sodium, Zinc, Iron, Copper, Lead, Barium, and Silver. The relation of the atmosphere to plant and animal life. The part played by carbon in the growth of plants.  
Practical Chemistry.—Experiments illustrating the distinction between elements, compounds, and mixtures; the preparation and properties of the common gases and the common compounds of the elements in the schedule; observations on the behaviour of bodies under the action of magnets,

including bodies not mentioned in the schedule ; simple arguments involving weighings and the measurements of volume, including the volume of gases.

In the case of a practical but living organism, the state of the world will be related to the action of the organs.

#### QUANTUM MECHANICS

Book 100.

Quantum mechanics is not to be confused with the study of quantum physics, which is the study of the quantum of light, as indicated in the following schedule :—

Principles of mechanics, illustrated by falling bodies and by simple machines ; the meaning of mass, weight, force, energy ; the transformation of energy.

The general properties of solids, liquids and gases ; principles of hydrostatics with practical applications ; volume of diffusion and surface tension.

Production and sources of heat ; the ideas of temperature and quantity of heat, effects of heat on matter, transformation of heat. Relation between heat and work as illustrated in the steam engine and the internal combustion engine. Domestic heating and ventilation.

Production and propagation of sound ; pitch, loudness and quality.

Production and propagation of light ; reflection, refraction, and dispersion ; colour. The eye and simple optical instruments. Domestic lighting.

Elementary ideas of magnetism. The fundamental experiments of electrostatics. Effects of the electric current. Ohm's law. Current induction, with the outlines of its application in the dynamo. Practical applications of electricity in domestic lighting and in the transmission and transformation of energy.

The chemistry of air and water and of the elements contained in them. The chemistry of combustion ; common forms of fuel ; carbon as a reducing agent in metallurgy. The relation of the air and its constituents to the life of plants and animals and to the weathering of rocks. The general laws of chemical equilibrium illustrated by a few common substances (e.g., chalk, sulphur, salt and the aqueous acids and bases) ; explanation of these laws by the atomic theory.

The distinction between living and non-living things ; the distinction between typical plants and typical animals. The life of a plant ; importance of plants in building up food and fuel. Fundamental principles of agriculture. Simple queries of fermentation and enzyme action. Simple physiology and hygiene.

The solar system ; stars and nebulae. General structure of the earth's crust ; igneous and sedimentary rocks, agents of denudation and deposition ; fossils and their significance.

Some ideas of quantum mechanics. A laboratory test may be included in the subject matter of the above syllabus, but the nature will be given of the examination.

#### INTERMEDIATE MATHEMATICS

Book 101.

Includes Elementary Mathematics together with—

**Geometry**.—Elementary ideas in solid geometry treated informally (angle between planes, angle between line and plane, great and small circles of sphere, mensuration).

**Algebra**.—Solving of two simultaneous equations, one linear and one quadratic, any questions in solution ; the meaning and simple properties of exponents and fractional indices ; use of logarithmic notation ; arithmetic progression, finite geometric progression, rate of change of a function and gradient of a graph ; practical application of gradient and of area of graphs.

**Trigonometry**.—Solution of plane triangles ; graphs of trigonometrical functions ; use of four-figure tables ; formulae for trigonometrical values of the sine, cosine and tangent of two angles.

**Statics and Dynamics**.—The lever, the inclined plane, the pulley and other simple machines ; the composition and resolution of forces in one plane ; moments ; simple graphical methods ; friction ; simple cases of equilibrium ; properties of the centre of gravity ; work ; velocity ratio, mechanical advantage, and efficiency of a machine.

The composition and resolution of velocities and accelerations in one plane ; continuous motion under uniform acceleration ; Newton's laws of motion ; the conservation of linear momentum ; work and energy ; the laws of flight, greatest height, and horizontal range of projectiles.

Proofs of the parallelogram and triangle of forces, and of the principle of moments will not be asked for.

In the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to show their method from any branch of mathematics.

UNDER MODERN PRINCIPLES, FRESHMAN OR BEGINNER, Book 102.

1. Translation from the Vernacular into English.
2. Translation from English into Vernacular.
3. As many as like as one or two alternative subjects.
4. Colloquial. Candidates to—  
(a) talk in the Vernacular,  
(b) write a short detailed passage in the Vernacular.

#### FRESHMAN DRAWING

Book 103.

In addition, if so desired, Freshman Drawing may be taken.

#### THE CAMBRIDGE GEOMETRY SCHEDULE

The order in which the theorems are stated is not imposed as the sequence of their treatment.

#### SECTION I

##### PRIMITIVE GEOMETRY.

1. Notions of angles and of straight lines.
2. Construction of perpendiculars to straight lines.
3. Construction of an angle equal to a given angle.
4. Construction of parallels to a given straight line.
5. Simple cases of the construction from sufficient data of triangles and quadrilaterals.
6. Division of straight lines into a given number of equal parts.
7. Construction of a triangle equal in area to a given polygon.
8. Construction of tangents to a circle, and of secants tangents to two circles.
9. Simple cases of the construction of circles from sufficient data.

#### SECTION II.

##### FRESHMAN GEOMETRY.

10. Division of straight line into parts in any given proportions.
11. Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.
12. Construction of regular figures of 3, 4, 5 or 6 sides in or about a given circle.
13. Construction of a square equal in area to a given polygon.

#### SECTION III.

##### ANALYTIC AT A POINT.

14. If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles, and the converse.

\* 13. If two straight lines intersect, the vertically opposite angles are equal.

#### PARALLEL STRAIGHT LINES.

\* 14. When a straight line cuts two other straight lines, if

(1) a pair of alternate angles are equal, or  
(2) a pair of corresponding angles are equal, or  
(3) a pair of interior angles on the same side of the cutting line are together equal to two right angles, then the two straight lines are parallel; and the converse.

\* 15. Straight lines which are parallel to the same straight line are parallel to one another.

#### TRIANGLES AND RECTILINEAR FIGURES.

\* 16. The sum of the angles of a triangle is equal to two right angles.

\* 17. If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.

\* 18. If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by those sides equal, the triangles are congruent.

\* 19. If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

\* 20. If two sides of a triangle are equal, the angles opposite to those sides are equal; and the converse.

\* 21. If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.

\* 22. If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.

\* 23. If two sides of a triangle are unequal, the greater side has the greater angle opposite to it; and the converse.

\* 24. Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

\* 25. The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram, and the diagonals bisect one another.

\* 26. If there are three or more parallel straight lines, and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

#### AREAS.

\* 27. Parallelograms on the same or equal bases and of the same altitude are equal in area.

\* 28. Triangles on the same or equal bases and of the same altitude are equal in area.

\* 29. Equal triangles on the same or equal bases are of the same altitude.

\* 30. Illustrations and explanations of the preceding theorems corresponding to the following algebraical identities:—

$$\begin{aligned} (a+b+c+\dots)^2 &= a^2+b^2+c^2+\dots \\ (a+b)^2 &= a^2+2ab+b^2 \\ (a-b)^2 &= a^2-2ab+b^2 \\ a^2-b^2 &= (a+b)(a-b) \end{aligned}$$

\* 31. The square on a side of a triangle is greater than, equal to, or less than, the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference of the sum of the squares is twice the rectangle contained by one of the two sides and the perpendicular on it of the other.

#### LOCUS.

\* 32. The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

\* 33. The locus of a point which is equidistant from two intersecting straight lines consists of the pair of

straight lines which bisect the angles between the two given lines.

#### THE CIRCLE.

\* 34. A straight line, drawn from the centre of a circle to bisect a chord, which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord.

\* 35. There is one circle, and one only, which passes through three given points not in a straight line.

\* 36. In equal circles (or, in the same circle) (1) if two arcs subtend equal angles at the centres, they are equal; (2) conversely, if two arcs are equal, they subtend equal angles at the centres.

\* 37. In equal circles (or, in the same circle) (1) if two chords are equal, they subtend equal arcs; (2) conversely, if two arcs are equal, the chords of the arcs are equal.

\* 38. Equal chords of a circle are equidistant from the centre, and the converse.

#### SECTIONS IV.

##### THE CIRCLE.

\* 39. The tangent at any point of a circle and the radius through the point are perpendicular to one another.

\* 40. If two circles touch, the point of contact lies on the straight line through the centres.

\* 41. The angle which is cut off of a circle subtends at the centre an arc double that which it subtends at any point on the remaining part of the circumference.

\* 42. Angles in the same segment of a circle are equal; and of the two joining two points subtending equal angles at two other points on the same side of it, the four points lie in a circle.

\* 43. The angle in a semi-circle is a right angle; the angle in a segment greater than a semi-circle is less than a right angle; and the angle in a segment less than a semi-circle is greater than a right angle.

\* 44. The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

\* 45. If a straight line touch a circle, and from the point of contact a chord be drawn, the angles which the chord makes with the tangent are equal to the angles in the alternate segment.

\* 46. If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

#### SECTION V.

##### PROPERTIES OF SIMILAR FIGURES.

\* 47. If a straight line is drawn parallel to one side of a triangle, the other two sides are divided proportionally, and the converse.

\* 48. If two triangles are equiangular, their corresponding sides are proportional, and the converse.

\* 49. If two triangles have one angle of the one equal to one angle of the other and the sides about these equal angles proportional, the triangles are similar.

\* 50. The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle, and likewise the external bisector externally.

\* 51. The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

#### APPENDIX B.

##### PARTIAL EXAMINATIONS.

1. To be passed as fit for a commission in the Regular Army a candidate must be of good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of military duty.

2. The acquisition of age, height and chest girth must not be less than that given in the following table.

## PHTHIC EXAMINATION

Age and sex.	Height without shoes.	Chest.	
		Depth when fully expanded.	Range of expansion at rest.
15	50 and under 49 ..	35	1
	49 .. 48 ..	35	2
	48 .. 47 ..	35	3
	47 .. 46 ..	35	4

3. The candidate's height will be measured as follows.—He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the back, neck, buttocks and shoulders touching the standard. The chest will be depressed so being the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarter.

4. The candidate's chest will be measured as follows.—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angle of the shoulders/breast behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches of 16, 18, 20, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the astuteness of vision includes two tests—one for distant, the other for near vision. The Army Test Type will be used for the test for distant vision, without glasses, at a distance of 30 feet, and for the test for near vision, without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision with which a candidate will be compared are as follows:—

## STANDARD I.

Right eye.	Left eye.
Distant vision.—V = 4/5.	V = 4/5.
Near vision.—Rounds 9, 8.	Rounds 9, 8.

## STANDARD II.

Right eye.      Worst eye.  
Distant vision.—V = 4/5.      V without glasses is not below 6/10; and after correction with glasses is not below 5/5.  
Near vision.—Rounds 9, 8.      Rounds 1.

## STANDARD III.

Right eye.      Worst eye.  
Distant vision.—V, with-      V without glasses is not out glasses is not below 6/10; and after correction with glasses is not below 5/5.  
Near vision.—Rounds 9, 8.      Rounds 1.

Each eye must have a full field of vision as tested by hand movements.

Speech or any morbid condition of the eye or of the lids of either eye leads to the risk of approximation, or convergence will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

The degree of astuteness of vision of all candidates for acceptance will be entered in the proceedings in the following manner:—

V.R. = ....; with glasses = ....;      Rounds ....

V.L. = ....; with glasses = ....;      Rounds ....

No relaxation of the standard of vision will be allowed.

7. The following additional points will then be observed:—

(a) That his hearing is good and there is no sign of ear disease.

(b) That his speech is without impediment.

(c) That his teeth are in good order. He must have ten sound teeth in the upper jaw. Slightly decayed or too much worn in the lower jaw. Two of these teeth in each jaw must be molars. Well-filled teeth will be considered as sound.

(d) That his chest is well formed and that his lungs and heart are sound.

(e) That he is not injured.

(f) That he does not suffer from a severe degree of varicose or venereal virus. A candidate who has been successfully operated on will be accepted.

(g) That his limbs are well formed and developed.

(h) That there is free and perfect motion of all the joints.

(i) That his feet and toes are well formed.

(j) That he does not suffer from any venereal skin disease.

(k) That he has no congenital malformation or defect.

(l) That he does not have traces of previous acute or chronic disease pointing to an impaired constitution.

\* Inverse standards is defined as follows:—

(1) Where the name of vision is so great that it hangs down in front of the candidate when the candidate stands up.

(2) If the neck is elongated to such an extent that the candidate hangs at a level whereby there is a great interval of space, allowing for the fact that the body inclines a slightly at a lower level than the neck.

(3) If there is anything to such an extent that the affected limb is extended at less than half of the bulk of the good or the sound side.

(4) Unsymmetrical scars should only be considered a disqualification when situated within the largest and most or of the external ring.

No. 12.—The following resolution of the Government of India is republished:—

## FINANCE DEPARTMENT.

New Delhi, the 14th January 1928.

No. D-2544-A.—The Government-General in Council has taken into consideration the Report of the Public Accounts Committee on the accounts of the year 1925-26 and desires in the first instance to express his appreciation of the industry, ability and discretion which mark the Commissioner's performance of the very important duties entrusted to him. In the time which has elapsed since the Report was presented it has not been possible to order by a decision on every recommendation made but definite conclusions have been reached on several matters of importance and it is thought advisable to announce these without delay, by means of the necessary provision, since it is in the interest of the financial administration of the country that the recommendations of the Committee which have been accepted

by Government should be given effect as early as possible.

2. The Governor General in Council declares that if Loans and Advances are excluded the percentage of savings consequent favourably with that in the previous year. The Committee have drawn attention to the fact that the savings under void grants are larger than those under non-void grants and to the suggestion that this may be due to a tendency to over-estimate, in anticipation that savings under void grants, appearing as they do in the accounts of the Assembly, may not always be really accepted by that body. The Governor General in Council has not as far as void grants a tendency in any department, but he agrees that the paucity of the Army grant be ignored and wishes to express an all departmental that deliberate over-estimation cannot in any circumstances be justified and should be completely avoided.

3. The Committee commented that in regard to disbursements under Loans and Advances the necessity for submitting these outgoings to the annual vote should be examined, and that the limits of votability in regard to them should be made clear in connection with the procedure adopted in England in regard to similar transactions. Similarly, in connection on the entire under Appropriation to the Reserve Fund in the Railway Department, the Committee observe that the practice of treating such items as expenditures in general and ordinary, and suggest that the procedure of submitting these grants for the vote of the Assembly in respect of these payments under this and other heads, which do not represent real expenditures, should be reviewed. The Governor General in Council is aware of the anomalies in the voting procedure, which arose out of the wording of the existing section 8-A of the Government of India Act and is examining the question of altering the section in a suitable manner in connection with any revision of the Act after 1928.

4. The Governor General in Council notes with interest that the system of lump sums introduced in the civil estimates during the year 1925-26 has been modified by results. He hopes that by a larger and more judicious use of the system not only in the civil department but in other departments as well it will be possible to present estimates to the Legislative Assembly which will approximate closely to the final outcome of the year. He agrees with the Committee that wherever possible the necessary reduction in the estimates should be made under the various detailed heads. On the other hand it is observed, with regret, that the importance of obtaining more expenditure correctly has not been sufficiently realized, and it must now more be improved upon all offices and Departments concerned under a careful re-estimate of requirements in respect of such expenditures in perspective in fact, as pointed out by the Committee, the estimates under other heads such as Interest and Establishments may not be widely disturbed.

5. The Governor General in Council has seriously examined the nature of the excesses under the various voted grants which have been briefly explained in paragraph 28 of the Report. He agrees with the Committee that excess votes under "other expenses" can be avoided by making more systematic attempts during the course of the year to estimate the cost of probable losses. He accepts the suggestion that in regard to payments to Provincial Governments for a claim of the cost of the Provincial Agency subjects, for which budget provision has been made on an estimate of the expenditures likely to be incurred during the coming year, the payment should be restricted to the Budget provision, and then any excess payable based on the actual of the

year should be provided for and paid in the following year. The Governor General in Council is glad to note that the Central Board of Revenue have taken steps as suggested by the Committee to watch liabilities in amount of Customs refunds. The general question of modifying the system of large annual adjustments in accounts that are now made, and substituting accounts arithmetically which will represent improved machinery for watching liabilities more properly with arrears, is being carefully examined by the Finance Department in consultation with the Auditor General and the other Departments of the Government of India.

6. The Committee have drawn attention to the debates which took place when the demands for the various grants for the year 1924-25 were placed before the Legislative Assembly, and to the strong desire then expressed that an opportunity should be given to the Assembly to discuss in general terms the Report of the Public Accounts Committee. The Committee sympathize with this natural desire and recommend that the Government should consider the best method of affording such opportunity. The Governor General in Council observes that during the debates on the motion for an excess grant under the head "Indian Posts and Telegraphs Department" on the 9th of February 1927, the Finance Member undertook to request the Leader of the House to give time for the general discussion of the Report of the Committee, if there was a general desire on the part of the House on any course to have such a discussion. The proposal is being carefully examined with a view to an opportunity being given during the forthcoming session for a general discussion in some suitable form, if time permit, of the more important points in the Report.

7. After studying the elaborate set of rules prepared by the Treasury for the phasing and control of estimates in England, and after affording the Audit and Appropriation Accounts and the evidence of departmental witnesses, the Committee have in paragraph 13 of the Report suggested the incorporation in the rules to be issued by the Finance Department of certain broad fundamental principles. The Governor General in Council accepts these principles and hopes that it will be possible to bring, at an early date, rules to regulate the control of estimates in India, a measure which has long been in contemplation.

8. The Committee have studied with evident care and thoroughness the results of the investigation into the accounts of the Delhi Durbar and the Delhi Bazaar. The Governor General in Council agrees with their conclusion that in normal conditions the second rule in paragraph 202 of the Public Works Department Code, regulating the purchase and manufacture of concrete work, should be rigidly followed. He observes with satisfaction that steps believed to be adequate have been taken to guard against the recurrence of irregularities that were brought to light in the accounts of the Bazaar.

9. The Committee have given considerable attention to the questions relating to the Sanitary Improvement Scheme which had been resorted by the Committee of 1926. While they endorse the action taken by Government in regard to the departures from the rules made by the Executive Engineer, the Committee regret that they have not been able to carry out a "thorough investigation" of the whole matter explained upon them by their predecessors. The accounts of the Scheme have been referred to a Comptrol and working under by the Audit Department of the Government of India themselves have acknowledged that all the criticisms of the Auditor are substantially correct, and in three circumstances the Governor General in Council considers, leaving aside the

question of the propriety of such a course, that a fresh audit of the whole scheme of rates by the Public Accounts Committee—due that is in essence what is proposed—would hardly be practicable and if undertaken would serve no useful purpose.

10. The Committee further suggest that the financial position and prospects of the whole system of Salt Supply from the Sundarbans lake and Khosra should be comparatively examined and placed on a business footing. In this connection it is important to note that various reforms and innovations have in fact recently been introduced in the working of the Northern India Salt Revenue Department as a result of a close investigation conducted by an officer on special duty working directly under the Central Board of Revenue. Savings in expenditure on establishment have been effected as a result of improved methods of administration. In consultation with the Audit Officer, new arrangements have been devised to enable the General Manager and the Commissioner to exercise a real control over expenditure. Formerly the department used to estimate and meet before the maximum amount of salt possible irrespective of the volume of demand; this has been replaced by a new policy of working up to a definite output every year based on estimated demand and existing stocks. Twelvemonth verifications of stocks are now made, a system of payment by weight has been prescribed, close perforce of the saltation development scheme approved by the Standing Finance Committee in early in 1933 have been abandoned, and by close and other means definite efforts have been made to improve adversely and thus to supply the system of salt supply in the Northern India Salt Revenue Department. The possibility of further economies and improvements in reducing the unremitting activities of the Central Board of Revenue, and the Governor General in Council tends that according audit reports will show unmistakable evidence of these efforts.

11. The Committee have expressed a hope that every endeavour will be made to expedite the revision of the Sea Customs Act. The Governor General in Council is glad to note that the amending Bill will be ready for introduction in the Legislature during the coming session.

12. The question of preventing a true profit and loss account of the Power and Telegraphy Department has engaged the attention of the Committee and they trust that when the Appropriation Accounts are presented all the necessary inter-departmental adjustments will have been determined and carried out and that the statement of profit and loss presented will then be more illuminating. The matter is one of some complexity but it is understood that the need for an expeditious settlement of the outstanding issues is fully recognised by the Department.

13. Steps are being taken to accelerate the opening of the separate Accounts Office at Peshawar. The position at present is that the Military Authorities have offered to transfer to the Finance Department, for the new Accounts Office, the buildings now occupied by the Office of the Controller of Military Accounts, Peshawar, and a new office building will be constructed on a charge against the civil estimates at Rawalpindi for the use of the Military Accounts Department. The Civil Commissioner of the North-West Frontier Province has been asked to expedite in his statement of demands for new civil works for 1934-35 the necessary provision for the proposed building at Rawalpindi.

14. The Committee next refer to the preparation and maintenance of an inventory of all Government property, on articles such which had been undertaken by the Auditor General and hope that he will be able to report to the next Public Accounts

Committee the results of his labours. The Auditor General has submitted a report which is now under consideration in the Finance Department.

15. The Committee refer to the satisfactory results achieved by the Indian States department from year to year. They observe that measures to the Department is not just ordinary and that the coordination of purchases for various Departments may make it possible to accelerate the operations of the Indian States department more economically than at present. The Governor General in Council notes that the proposal to institute a standing committee for the purpose of such coordination in covering useful coordination of the heads of the Industries and Labour Department in consultation with the Army and Railway Departments, which are the largest purchasing departments. A suggestion of the Committee is that the account of the commercial portion of the work of the Indian States department, connected with the development of Indian Industries, should be exhibited separately. This important suggestion is being examined in the Department of the Government of India concerned in consultation with the Audit Officer.

16. In paragraph 23 of their report the Committee, while recording their confidence that the execution of the grant to the Auditor General of Salaries for direct access to the Secretary of State is one which should properly be left for examination by the Statutory Commission, have suggested that, in the meantime, it was when the Auditor General requires the Government of India to obtain the orders of the Secretary of State the reference should be made with reasonable promptitude. This is obviously desirable and the necessary instructions have already been issued.

17. The Committee have outlined in paragraph 25 of their report the question of expediting the financial powers of Departments of the Government of India and the means by which such new changes in normal function of accounting that their powers are not exceeded. The Committee have observed that there appears at present to be some confusion of view as to the apportionment of responsibility in this matter, as it has been contended, on the one hand, that it should be a matter of the internal economy of the Government of India to ensure that Departments other than the Finance Department obtain the concurrence of the latter in cases where such concurrence is necessary, whereas it would appear, on the other hand, that the Public Accounts Committee cannot effectively perform its duties in regard to expenditure incurred under the powers in question without knowing the information and aid which audit alone can provide. The Committee have left it to the Finance Department to examine the question which they have thus raised. This will be done and further material on the subject will be placed by the Finance Department before the next Public Accounts Committee.

18. The Committee draw attention to the advantages and disadvantages of the system of ratemaking at present applied in the case of military expenditures. They highly point out that as a permanent arrangement it would impair the full extent of Parliamentary control over public expenditure. At the same time they are acutely conscious that, in the present abnormal situation when important decisions in equipment, etc., have to be made good, the system encourages economy and makes it possible for capital demands for expenditure on improving the efficiency of the Army to be met without disturbing the general equilibrium of the budget of the Government of India. The Committee therefore do not suggest the immediate abolition of the existing system,

The Governor General in Council consists in this session of the Committee.

19. The Committee have considered in some detail the question of introducing a more systematic code of discipline and more than others at present. They have considered the existing position in regard to this matter and have specially considered the possibility of appointing special inspectors and generally to the operations of some of the large revenue collecting departments of the State. They have however appreciated the difficulties involved and have left it to the Government of India to decide from the Comptroller and the Auditor General in England the procedure obtaining in that country, and advise that the Government of India should proceed forthwith to consider the subject. It is to be noted that the subject has already been put in train but it is unlikely that it will be possible to arrive at a final decision in the immediate future.

20. Like the Committee of 1885 their members have advised great interest in a fully defined code of discipline, how far it should be embodied in the regulations, etc. They have recommended that the procedure adopted in England in this matter should be followed in India also. Since the presentation of the Report the Auditor General, after a careful scrutiny of all the cases of losses and compensation entered in the British Appropriation Accounts for 1894-95, has formulated proposals based on what appears to be the guiding principles which govern the expenditure of money in the British Report, that is to say, under separate heads in the accounts proper or merely as a general entry appended to the various votes. He has also specifically asked the Comptroller and Auditor General in England whether his interpretation of the practice followed in Great Britain in this respect was correctly stated. Meanwhile his proposals were recently discussed at the Conference of the Financial Representatives of Provincial Governments, and they, while agreeing to the general principle on which the Auditor General has so far proceeded, have undertaken to discuss the proposals in detail in all their financial reports. The Governor General in Council awaits a further report from the Auditor General and the result of the further examination by the Provincial Governments.

21. The desirability of formulating general principles to regulate the administration of responsibility has been noticed by Government through fiscal and religiously of individuals has engaged the attention of the Committee who have endeavored to ascertain the basis on which the decision to impose or waive penalties has been taken in every case of financial irregularity brought to their notice. The Committee recognize that the correct assessment of responsibility must depend very largely on the individual merits of each case, but the factors to be taken into account may be numerous and of great variety, and that consequently it is difficult, if not impossible, to formulate rules of general application. They, however, emphasize the desirability of laying down some broad criteria with a view to avoiding inequalities and apparently irrelevant differences of treatment. They recommend that this aspect of the matter should be thoroughly examined and the conclusions of the Government placed before the next Public Accounts Committee. The Governor General in Council observes that in the Army Department certain general principles are being followed in dealing with cases of losses involving the responsibility of responsibility by disciplinary action or the imposition of some other penalty. He agrees with the Committee that it may be desirable to consider whether, without laying down any hard and fast rules, some practical formula can be devised for the general guidance of departments

and their officers. The matter will receive the careful attention of the Government of India.

22. The Committee refer in paragraph 22 of their Report to the evidence which they have received to the effect that responsible officers have been found to give receipts and certificates which do not accurately represent facts. They express the hope that heads of departments will take with some diligence and possibly all cases of heavy in signing certificates. The Governor General in Council has no hesitation in endorsing the view which the Committee take of such practices, where they exist. It is imperative that every public official should entertain the most scrupulous sense of his responsibility in respect of his signature on documents of financial importance, and that failure to do so should be regarded as a serious breach of duty.

23. The Governor General in Council before endorsing the Resolution wishes to refer briefly to two further matters of importance dealt with in paragraphs 28 and 31 of the Report. He is glad to note the assurance of the Auditor General that the serious cases of fraud brought to light in the Audit and Appropriation Accounts of the Military Services during the period of the War, and hopes that with the return of normal conditions such cases of fraud will rarely occur in future. As regards the question of reporting audits on military losses by increasing the staff of Government Resources, the Governor General in Council understands that this has been suggested by the Assistant General, Bangalore, and that his recommendations are now being considered by the Auditor General.

24. The action taken by the Governor General in Council on the other recommendations of the Committee, not mentioned above, and specially on those contained in Section IV of the Report will, as usual, be communicated to the Public Accounts Committee at their next meeting.

#### HOUSE DEPARTMENT.

*For India, the 12th January 1923.*

No. P. 434/23 Judicial.—The following Amending Letters Patent for the High Court of Judicature at Madras bearing date the 31st of December in the eighteenth year of the reign of George the Fifth A.D. 1922 will be published in the *Port St. George Gazette*—

GRANT THIS FIFTH, by the Grace of God, of Great Britain, Ireland and the British Dominions beyond the seas-King, Defender of the Faith, Emperor of India.

In all to whom Our Privileges shall come, Greeting!

4. WHEREAS HER MAJESTY GEORGE FIFTH by Letters Patent under the Great Seal of the United Kingdom of Great Britain and Ireland bearing date at Westminster the twenty-seventh day of June in the year of Our Lord One thousand eight hundred and twenty-two did enact, establish a High Court of Judicature at Madras for the Presidency of Madras:

AND WHEREAS HER MAJESTY GEORGE FIFTH by Letters Patent under the Great Seal of the United Kingdom of Great Britain and Ireland bearing date at Westminster the twenty-eighth day of December in the year of Our Lord One thousand eight hundred and thirty-five did revoke the said Letters Patent bearing date the twenty-seventh day of June in the year of Our Lord One thousand eight hundred and twenty-two but notwithstanding that revocation did continue the said High Court of Judicature at Madras:

4. AND WHEREAS by section one hundred and six of the Government of India Act it was provided that Letters Patent establishing or amending jurisdiction powers or authority in a High Court might be amended by Us from time to time by further Letters Patent:

AND WHEREAS We by Letters Patent bearing date at Westminster the eleventh day of March in the year of Our Lord One thousand nine hundred and nineteen did amend the said Letters Patent bearing date the twenty-eighth day of December in the year of Our Lord One thousand eight hundred and thirty-five:

1. Now KNOW YE THAT We upon full consideration of the petition and of Our special grace certain knowledge and investigation have thought it fit that to amend and by these Privileges do accordingly further amend the said Letters Patent bearing date the twenty-eighth day of December in the year of Our Lord One thousand eight hundred and thirty-five in manner following, that is to say:—  
(a) For the words above of the said Letters Patent the following clause shall be substituted, namely:—

"45. And We do further enact that an appeal shall lie to the said High Court of Judicature at Madras from the judgment (not being a judgment passed in the exercise of appellate jurisdiction in respect of a decree or order made in the exercise of appellate jurisdiction by a Court subject to the superintendence of the said High Court, and not being an order made in the exercise of criminal jurisdiction, and not being a sentence or order passed or made in the exercise of the power of superintendence under the provisions of section 107 of the Government of India Act, or in the exercise of criminal jurisdiction) of any Judge of the said High Court or any Judge of any District Court, pursuant to section 108 of the Government of India Act, and that notwithstanding anything hereinbefore provided, an appeal shall lie to the said High Court from a judgment of any Judge of any District Court, pursuant to section 108 of the Government of India Act, made in the exercise of appellate jurisdiction in respect of a decree or order made in the exercise of appellate jurisdiction by a Court subject to the superintendence of the said High Court, where the Judge who passed the judgment declares that the decision is fit and proper; but that the right of appeal from other judgments of Judges of the said High Court or of such District Court shall be as in, Or, Or Here or Successors in Or or Their Privy Council, as hereinafter provided."

(b) In the 10th clause of the said Letters Patent for the words "then the opinion of the said Judge shall prevail" the following words shall be substituted, namely:—

"they shall state the point upon which they differ and the case shall then be heard upon that point by one or more of the other Judges and the point shall be decided according to the opinion of the majority of the Judges who have heard the case including those who first heard it."

2. And we do further enact and declare that Public: these Letters Patent shall be published in the *Port St. George Gazette* and shall have effect from the date of each publication.

IN WITNESS WHEREAS We have caused these Our Letters to be made Patent.

Witness Ourself at Westminster the sixth day of December in the year of Our Lord One thousand nine hundred and twenty-three and in the eighteenth year of Our King.

By warrant under the King's Sign Manual.

*Port St. George, January 28, 1923.*

*Port St. George, January 24, 1918.*

Under section 6 of the Land Acquisitions Act 1 of 1914, as amended, by Act XXXVIII of 1919, the Governor in Council hereby declares that the lands mentioned below and measuring 29 21 acres, be the same a little more or less, are needed for a public

in the village of Makhm of Tyndzasskaya obl., in the South Ararat district and in the area lying within a radius of five miles from the battle site grounds from 28th March 1920 to 20th April 1920 (both days inclusive).

*East St. George, November 5, 1927*  
[*E.O. No. 1923, Declassified*].

Subject to the rules hereinafter mentioned, the Department of Industries gives general information and advice, assists in the preparation of plans and in the purchase and erection of machinery, undertakes the systematic inspection of installations, and places at the disposal of the public the following plant:—

2. The services of the department are offered subject to the following general conditions:—

4. In cases where an applicant desires that the plant should be purchased or erected by the department, charges will be levied at rates shown in Section II—"Purchase and erection of material."

13. Where the engineering services of the department are required for purposes other than the original erection of plant, each service will be charged for at daily rates as follows:—

If owing to causes for which the applicants are responsible, there is any break in the continuity of the service, the fees chargeable for the first day after resumption of the work will be Rs. 10 for a surveyor and Rs. 7-8-0 for a mechanic.

14. The Director reserves the right to charge fees on daily basis prescribed in rule 13 if he finds that, in the course of an erection undertaken on the terms laid down in rule 7, the supervisor or mechanic has to be idle owing to delay in the supply of material or labour required for erection.

### III.—*Systematic inspection of installations.*

15. The Department will arrange for the systematic inspection of installations. Inspections will be of two kinds, viz., "routine inspections" made at the convenience of the Department and "special inspections" made on the urgent requisition of the applicant.

16. An initial fee of Rs. 10 will be levied, which will cover the cost of three routine inspections, but no refunds will be made. If the value of the fee is not completely utilized. It will also cover the cost of special visit in the case of not more than two routine inspections per annum. Special inspections or visits in excess of three covered by the initial fee will be charged for at the rate of Rs. 5 per visit for a mechanic and Rs. 7-6-0 for a supervisor.

17. No installation will be inspected unless the compensation for per annum or special fee per visit is paid in advance. On the expiry of the period for which the compensation has been paid, a notice will be issued by the Department in case where application has not been received for the continuance of the departmental inspection and the permitted compensation for next year is restricted.

18. In addition to the fees prescribed in rule 16, the applicant will be required to pay the amount of actual outlay on any repair work carried out by the department.

19. Systematic regular inspection of a plant will be undertaken only after the plant has been examined and found to be in good condition. If it is not found in good condition, the applicant will be informed what repairs are required. Only on completion of such repairs will systematic regular inspection be undertaken. If the applicant desires that the repairs should be executed under departmental supervision, such supervision will be arranged as per rates of fees prescribed in rule 13.

20. The Director of Industries may, without assigning any reason, refuse to undertake systematic inspection of any plant or installation.

### IV.—*Heavy plant—Hand-boring apparatus.*

21. Regulations concerning hand-boring apparatus should be addressed in the first instance to the local Supervisor of Industries, or to the local Assistant Industrial Engineer, or to the Director of Industries, Post Box No. 422, Chetpach, Madras.

22. The hand-boring tools in the possession of the department will drill to a depth of 100 to 150 feet in ordinary soils but are unsuitable for boring in rocky strata. Where deeper borings or borings in rocky strata are required, a power drill—vide Section V infra—should be used.

The Assistant Industrial Engineer may stop any boring work at any stage below 100 feet if it is found that the stratum worked through is such as seriously to endanger the safety of the set. If the applicant wishes drilling operations to be continued regardless of consequences and is prepared to entrust a bond to the satisfaction of the Director springing to indemnify the department for all loss or damage, the Director may, at his discretion, permit continuance of the work under such conditions as he may impose.

23. When a boring party is established in a tank, the fee will be notified in the district gazette. Applications for borings within the notified area will be registered on payment of a transport fee of Rs. 7-6-0 and an advance fee of Rs. 5 to cover fees for four days. The advance payment of transport fee will however be waived if the applicant signified his intention to his application that he is prepared to transport the set himself at his own expense within five days of the date of offer.

In cases where a set has to work in a well, a further advance of Rs. 5 should be paid to cover fees for delay, if any, in supplying labour for removing the set from the well after completion or stoppage of the work.

24. Borings outside the notified areas cannot be undertaken except by special arrangement and on special terms to be settled beforehand. Ordinarily applications for borings outside the notified areas will be recorded for future reference. They will not be registered and no fees and advances will be accepted therefor.

25. If the limits of the tract where a boring party is established be extended at any subsequent time, the fees will be notified in all places where applications for borings in the extended area have already been recorded. If, on receipt of the notice, the applicants pay the same specified below, their applications will be registered:—

(1) Surface boring . . . Rs. 7-6-0 if the transport has to be arranged by the department plus an advance of Rs. 5 to cover fees for four days.

(2) Boring in a well . . . Rs. 7-6-0 if the transport is to be arranged by the department plus Rs. 10 to cover advance as prescribed in rule 23.

If payment is not made within five days after the receipt of the notice, the applications will be regarded as cancelled.

26. The order in which the registered applications will be attended to will be decided by the department with reference to the locality where borings have to be made and the applicants will be duly informed when the boring plant can be placed at their disposal. If the plant is not used after it has been brought to the site, the transport fee paid, if any, will be forfeited and the advance returned.

27. The transport fee is intended to cover the cost of the carriage of the tools to the site prepared for boring. No part of it will be returned to the applicant whatever may be the cost of transport in any particular case, nor on the other hand will any further charge be made should the cost of transport exceed the sum of Rs 7-6-0.

28. The fee for the use of the hand-boring tools is Rs. 2 a day. This fee covers the hire of the tools and the salary of the mechanic in charge thereof. The applicant must however provide labour necessary for operating the set.

22. The advance of Rs. 8 will cover the fee for four days. When the original advance is exhausted, further advance is given at at least Rs. 8 should be paid at once. As borings will on no account be put down on credit, the work will be stopped and the tools removed immediately the advance is exhausted, unless further advances are paid.

23. On the completion of the boring, any sum left to the credit of the applicant will be returned. In the case of a boring conducted in a well the applicant should, within 48 hours of its completion or stoppage of work, supply labour to remove the art from the well. If he fails to do so, he will be liable for additional hire charge till such time as the art is finally removed from the well and loaded into carts for removal. The additional advance of Rs. 8 levied under rule 22 will be utilised towards this. If, however, there has been no delay in the supply of labour, the latter advance of Rs. 8 will be refunded to the applicant.

24. Fees will be charged for the use of the boring tools for every day that they remain at the workshop. No fee will be charged for the time during which they may be kept idle on account of accident, heavy rain, or other causes beyond the control of the applicants, nor will any be claimed for cessation of work on authorized holidays or local market (shady) days except in cases where the tools are hired by the month. But the time during which the tools are kept idle on account of the exhaustion of advance, delay in the supply of labour or other available causes will be charged for in full.

25. The results of a boring will be recommended to the applicant who will be advised of the steps that he should take to utilize the water-supply available.

26. In cases where sub-surface water is met with, arrangements will be made, if the applicant so desires, to put down permanent lining tubes, the cost of which must be borne by him.

27. Hand-boring sets may also be hired by the month on payment of the following rates:—

For periods up to one month	Rs. 2 a day subject to a maximum of Rs. 48 a month.
For periods of over one month but not exceeding three months	Rs. 48 a month subject to a maximum of Rs. 144.
For periods over three months	Rs. 40 a month subject to a maximum of Rs. 240.

These are estimates of transport charges.

28. In the case of unsuccessful borings put down by hand drills, the advance and the daily hire, but not transport charges, paid by the applicants will be refunded. Whether a boring is successful or not will be decided by the Director of Industries on the merits of each case and his decision will be final.

29. The Director of Industries may, without assigning any reason, decline to put down any boring and return to the applicant any sum that may have been paid by him.

#### V.—Boring plant—Power drills.

30. The power drills with which the department is provided will ordinarily drill to a depth of 300 feet in any kind of rock. Assisted Industrial Engineers may stop any boring work at any stage below 200 feet if it is found that the stratum worked through is such as seriously to endanger the safety of the drill. If the applicant wishes drilling operations to be continued regardless of consequences and is prepared to assume a bond to the satisfaction of the Director agreeing to indemnify the department for all loss or damage, the Director may, in his discretion, permit continuance of the work under such conditions as may appear.

31. Enquiries concerning power drills should be addressed either to the local Supervisor of Industries, or to the local Assisted Industrial Engineer, or to the Director of Industries, Post Box No. 482, Changan, Madras.

32. No fee or advance will, in the first instance, be demanded but a receipt of applications for the use of power drills will be maintained.

33. The order in which the registered applications will be attended to will be decided by the Director of Industries with reference to the locality where borings have to be put down, and applicants will be duly informed when a power drill can be placed at their disposal. Immediately on receipt of the notice, the applicant should send a transport fee of Rs. 75 and an advance of Rs. 100. If the amount is not paid within five days from the receipt of the notice, the application will be regarded as cancelled.

The advance payment of transport fee will however be waived if the applicant signifies his intention in his application that he is prepared to transport the drill himself at his own expense within five days of the date of receipt of notice that the plant is ready for him.

34. The department will willingly make arrangements to make the drill to the site of the proposed boring except in cases where the applicants undertake to transport the plant themselves within the specified time. The transport for a intended to cover the cost of carriage, and no part of it will be returned, whatever may be the cost of transport in any particular case, nor, on the other hand, will any further charge be made should the cost of transport exceed the sum of Rs. 75. If the drill is not used when brought to the site, the transport fee will be forfeited.

35. The fee for the use of a power drill is Rs. 6 a day subject to a maximum of Rs. 30. This fee covers the hire of the drill and the wages of the trained staff necessary for its working. All other charges connected with the work should be borne by the applicant.

36. The applicant should supply coke labour and provide the fuel, oil and other stores required for the use of the plant.

37. The original advance of Rs. 100 covers the hire of the drill for about sixteen days. When that sum is exhausted, further advances of at least Rs. 50 each must be paid at once. As boring will on no account be done on credit, the work will be stopped and the drill removed immediately the advance is exhausted, unless further advances are duly paid.

45. On the completion of the boring, any sum still to the credit of the applicant will be returned subject to the deduction of the minimum fee prescribed in rule 48.

46. Fees will be charged for the use of the drill for every day that it remains at the workshop. No fees will be charged for the time during which it may be kept idle on account of accident, heavy rain or other causes beyond the control of the applicant, nor will any be claimed for cessation of work on authorized holidays or local market (shendy) days. But the time during which the drill is kept idle on account of the exhaustion of advance, delay in supply of labour, fuel, other causes or other avoidable causes will be charged for in full.

47. The results of a boring will be communicated to the applicant who will be advised of the steps that he should take to utilize the water-supply available.

48. In cases where sub-surface water is met with, arrangements will be made, if the applicant so desires, to put down permanent boring tubes, the cost of which should be borne by him.

49. The Director of Industries may, without assigning any reason, decline to put down any boring and return to the applicant any sum that may have been paid by him.

#### *VI.—Pumping plant.*

50. The engines in the possession of the department are capable of pumping from 150 to 325 gallons per minute on a total lift up to 50 feet. High speed testing engines will not be worked for more than 4 hours, at a stretch or for more than 8 hours during a day and night, viz., 24 hours. The latter part of the rule applies to ordinary (crude oil) pumping only.

51. Enquiries concerning pumping plant should be addressed either to the local Supervisor of Industries, or to the local Assistant Industrial Engineer, or to the Director of Industries, Post Box No. 435, Cape Town, T.M.S.

52. No fee or advance will, in the first instance, be demanded, but a register of applicants for the use of pumping engines will be maintained.

53. The order in which the registered applications will be attended to will be decided by the Director of Industries with reference to the locality, and applicants will be fully informed when a pumping plant can be placed at their disposal. Immediately on receipt of the notice, the applicant should pay a transport fee of Rs. 50 and an advance of Rs. 20. If the amount is not paid within five days after receipt of notice, the application will be regarded as cancelled. The advance payment of transport fee will however be waived if the applicant signifies his intention in his application that he is prepared to transport the plant himself at his expense within five days of the date of offer.

54. The department will ordinarily make arrangements to carry the plant to the site except in cases where the applicants undertake to transport the plant themselves within the specified time. The transport fee is intended to cover the cost of the earnings of the plant. No part of it

will be returned to the applicant whatever may be the cost of transport in any particular case, but on the other hand no additional charge will be made should the cost of transport exceed the above fee. If the plant is not accepted when brought to the site, the transport fee will be forfeited.

55. The fee for use of a pumping plant is Rs. 2 a day subject to a minimum of Rs. 15. This fee covers the hire of the plant and the wages of the trained driver in charge thereof. All other charges connected with the work must be borne by the applicant.

56. The applicants should supply motive labour and provide the fuel, oil and other stores required for the plant.

57. The advance of Rs. 20 covers the hire of the plant for about six days. When that sum is exhausted, further advances of at least Rs. 20 each should be paid as and as pumping will on no account be done on credit, the work will be stopped and the plant removed immediately the advance is exhausted, unless further advances are duly paid.

58. On the completion of the pumping, any sum still to the credit of the applicant will be returned subject to the deduction of the minimum fee prescribed in rule 45.

59. Fees will be charged for the use of the pumping plant for every day that it remains at the workshop. No fees will be charged for the time during which it may be kept idle on account of accident, heavy rain or other causes beyond the control of the applicant, nor will any be claimed for cessation of work on authorized holidays or local market (shendy) days except in cases where the tools are hired by the month, but the time during which the pumping plant is kept idle on account of the exhaustion of advance, delay in supply of labour, fuel or other avoidable causes will be charged for in full.

60. Certain special pumping plants working on liquid fuel which will be supplied by the party are also available for monthly hire on prepayment on the following terms:—

	Rs.
For one month .. .. .	75
For three months .. .. .	200
For six months .. .. .	400

A transport fee of Rs. 50 will be levied in addition to cover the cost of carriage of plant except in cases where the applicants undertake to transport the plant themselves within the specified time. The conditions of monthly hire are otherwise the same as those governing daily hire. The Director will have the right to direct the removal of the plant when in the Assistant Industrial Engineer's opinion it is no longer required, but no refund will be made if the plant is not required for the full period for which it has been hired. Applicants may extend the period of hire by paying the difference according to the above scale, provided that the hiring is continuous.

61. The Director of Industries may, without assigning any reason, decline to have out the pumping plant and return to the applicant any sum that may have been paid by him.

## ANDHRA UNIVERSITY.

### NOTIFICATION.

It has been noted in permit private candidates for the Oriental Title Examinations to appear for the Preliminary and the First Examination even before the second set was made up after the passing of the prescribed Minimum Grade in the Preliminary Examination as the case may be. As this provision is inconsistent with the Regulations, the Syndicate has decided that these candidates should be placed

on the same footing as those coming from recognized colleges who put in the required attendance for two years after passing one examination and before sitting for the next higher examination. Accordingly, no candidate will be permitted to sit for the Preliminary Examination in Oriental Studies before the expiry of two years from the date of passing the prescribed Previous Test. Similarly, two years will have to elapse from the date of passing the Preliminary Examination before a candidate is permitted to sit for the Final Examination.

V. K. RAMAN MENON,  
District Educational Officer, Malabar.

Cochin, 17th January 1928.

**GOVERNMENT SECONDARY TRAINING SCHOOL, DINDIGUL, MADURAI DISTRICT.**

It is hereby notified, for the information of the Deputy Inspectors of schools and managers of schools in the Madurai District, that applications for training of the Secondary and Elementary grades will be accepted in July 1928 by the Government Secondary Training school, Dindigul.

The period of training is one year in the case of candidates who have completed the Intermediate

course, and two years in the case of all other candidates.

3. Applications for admission to the secondary grade should be submitted to the District Educational Officer, Madras, direct, and those for admission to the elementary grade direct to the Deputy Inspector of the range concerned. Teachers employed in Madras district schools should submit their applications to the Deputy Inspector of the Madras district range concerned. The District Educational Officer will make the selection.

4. Applications for the elementary grades sent direct to the District Educational Officer will not be taken notice of.

5. Teachers employed in local board schools will act as a rule be paid stipends from Provincial funds. Candidates from Board or municipal schools selected for training, will, if they fail to join the Training school, be recommended for removal from service.

6. Candidates for secondary training should attach to their applications a statement of their marks obtained at the Public examination with the Presidency average in each subject, as well as a certificate of character. They should state whether the schools they revert to are recognised. The schools ought to be secondary or complete Higher Elementary schools.

An application from a candidate outside the Madras district should be submitted through the District Educational Officer of the district to which the candidate is teaching.

7. Candidates for Higher Elementary training should produce a certificate of having passed the third form signed by the headmaster of a secondary school or an Elementary School Leaving Certificate of having passed the eighth standard signed by an inspecting officer. Candidates issued by the headmaster of an elementary school will not be recommended except in cases specially recognised for this purpose by the District Educational Officer.

8. Payment of stipends will be subject to the scrutiny of the certificates of the applicants in original.

9. A few private candidates to whom no stipends will be paid may be selected in each grade.

10. Every student will be on probation for six working days.

11. The Managers of schools in the district are requested not to accept foreign applications for admission into training if they are not sure of obtaining the applicants in their own schools.

12. All applications should be submitted on or before the 15th May 1938 after which no application will be considered.

**T. K. VENKATARAMAN,**  
District Educational Officer, Madras.

Madras, 18th January 1938.

2. The period of training is two years.

3. The selection of the candidates will be made by the District Educational Officer.

4. Inspecting Officers are requested to forward before 15th May 1938 two lists, one of recommended and the other of rejected candidates. The names of recommended candidates should appear in the list in the order in which the Inspecting Officers wish the candidates should be taken, i.e., they should be arranged with reference to their general educational attainments, their service as teachers, the need for their training, the nature of their appointments and the school from which they apply for training. Candidates who do not satisfy the condition of age limit under rule 133 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the recommendation should be regulated by rule 134. In the case of rejected candidates, the reasons for rejection should verbatim be indicated in the list against each name.

5. In addition to Provincial stipendiation, candidates whose stipends are paid by local or municipal boards may be admitted for training, as also private candidates as free students, if there is accommodation. No provincial stipends will be sanctioned for teachers who hold permanent appointments in local or municipal schools. In the case of these teachers after information should be given in the application regarding the nature of the appointment held by them (permanent or acting as the case may be) and whether the presidents of local boards concerned are prepared to pay stipends on behalf of the teachers recommended by them. The applications of these candidates should verbatim be signed by the presidents of the local boards or chairman of the municipalities concerned.

8. Candidates who have passed the annual examination of the III Form or have been awarded an Elementary School-Leaving Certificate of the VIII Standard will be considered. In the admission into the Elementary Higher class and those who have passed the late Primary School Examination or a corresponding public or school examination or whose statements in the opinion of the Inspecting Officers are not lower than those will be considered. In the admission into the Elementary Lower Class, Preference should be given, as much as possible, to candidates whose educational statements are above those of others. The certificate of previous education should be sent in original along with the application. The certificate of physical fitness and be produced only by the candidate selected.

7. Applications not received before the prescribed date or without the general admission certificate in original will be rejected.

8. Printed forms of application can be obtained from the sub-stations inspecting officers.

9. Applications from teachers employed outside the Madras District must come through the respective District Educational Officers.

10. There are hostels for Mahomedans and Adivisions in the two Training Schools. Of the students selected and admitted into the Training Schools, those who do not live with their families or relatives must become members of the hostels and the candidates who, on admission, pay an advance of Rs. 5 each which will be adjusted later.

# MADRAS UNIVERSITY STUDENTS INFORMATION BUREAU.

*President:* The Vice-Chancellor of the University of Madras  
(in office)

*Vice-President:* The Director of Public Instruction (in office),  
*Secretary:* Mr. S. J. Theobald, Professor of Mental and  
Educ. Science, Madras Christian College

The main functions of the Bureau are—

(1) To furnish information and advice to Indians  
who contemplate going to England.

(2) To furnish information to colleges and other  
institutions the educational, financial and social  
information collected by the Bureau in India.

(3) To communicate with the Central Bureau  
on behalf of students before they start, or on  
behalf of their parents when they are in England.

Students of the Madras Presidency and of Native  
States whose colleges are affiliated to the Madras  
University, who contemplate going to England, and  
the relatives and friends of those who are going or  
are already gone, are invited to correspond with  
Mr. S. J. Theobald, Secretary to the Madras Bureau,  
Madras Christian College, Madras, from whom all  
necessary information can be obtained.

Letters from Indian students to the Educational  
Adviser in London or to other Educational authorities  
in Great Britain are forwarded to the Madras  
Secretary for disposal and much delay will therefore  
be saved by direct correspondence with the latter.

There is a library attached to the Secretary's office,  
Madras Christian College, consisting of the pro-  
spectuses, syllabuses and notices of the various  
educational institutions and universities in Great  
Britain and students and other aspirants will be  
allowed the use of the library on all week days  
except Saturdays and holidays between 12 noon and  
6 p.m.

S. J. THEOBALD,  
*Secretary.*

DEPARTMENT OF AGRICULTURE  
SQUADRON CROP OF 1900—THIRD OR FINAL  
FORECAST REPORT.

[On an average of the five years ending 1900-01, the area under sugarcane in the Madras Presidency has represented 4.5 per cent of the total area under vegetation in India.]

The area planted with sugarcane up to the end of December 1901 is estimated at 105,550 acres as compared with 115,520 acres at the corresponding date of last year, or a decrease of about 8½ per cent. Last year's estimate was in excess of the final figures by less than one per cent. The area in an average year is estimated at 115,160 acres.

1. The present estimate of area exceeds the second forecast by 4,050 acres only. The excess is

mainly in Tringapet, Bellary, South Arcot, Salem, Coimbatore, and Travancore.

2. The harvesting of the crop has commenced in most districts.

The crop suffered from drought to some extent in South Arcot, the Central Districts (Chittoor excepted), and the South. Yields were considerably above normal in the other districts.

3. The seasonal factor for the Presidency works out at 82 per cent of the average at present 88 per cent in the previous year. On this basis, the yield is estimated at 254,800 tons of sugarcane, as against 282,100 tons on the corresponding date of last year, 304,570 tons in the season and crop report of last year, and an average yield of 322,450 tons.

4. Figures by districts are given in the appended statement—

[Area in tone of acres, i.e., 0 being omitted; yield in tone of tons of sugarcane, i.e., 0 being omitted.]

9. In all cases of resistance to the lawful authority of the toll collector, appointed under the authority of Government in the Public Works Department, all police officers shall assist the toll collector when required, and for that purpose shall have the same power which they have in the exercise of their ordinary police duties.

10. If any person shall, with any savings, rent or interest, go off or pass from any road on which the toll-bar, gate or gatekeeper's station has been constructed under the control of the Public Works Department through or over any land, without payment of a toll of it, such land not being owned or occupied by such person and not being a public road, with intent to evade the payment of any toll liable under the provisions hereinbefore contained, such person shall be liable to a fine not exceeding rupees fifty and shall also pay the amount of the toll and cost of prosecution.

11. If any irregularity or improper behavior on the part of the licensee or his agent in respect of any of the conditions of his certificate be proved to the satisfaction of the Executive Engineer, he shall have the power to fine the licensee in a sum not exceeding Rs. 50 which will be remitted in the same way as arrears of rent without prejudice to any other penalty to which the licensee may be liable. It shall be the duty of the licensee to carry on the tolls issued by the Executive Engineer from time to time.

12. In case of any breach of the conditions of the contract entered by the licensee or his agent, it shall be competent to the Executive Engineer to require upon the licensee a fine not exceeding a sum of Rs. 20 for every such breach or at the option of the Executive Engineer to forfeit the money deposited with

been forfeited and to accept the terms and read it at the risk of the owner or claim the title-gate under the management of the Public Works Department.

12. For any other further particulars, applications should be made to the Executive Engineer, Madras Division, Madras.

BILL No. 1 of 1928.—Madras Children (Amendment)—M. Gopalan, M. D. Sivasubramanian and C. G. P.	P. 90

BILL to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 15 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

### BILL No. 2 OF 1928.

*A Bill to amend the Madras State Aid to Industries Act, 1922.*

Madras Act  
2 of 1928.

WHEREAS it is expedient to amend the Madras State Aid to Industries Act, 1922; It is hereby enacted as follows:—

1. This Act may be called "The Madras State Aid to Industries (Amendment) Act, 1928."

Madras Act  
7 of 1928.

2. After section 14 of the Madras State Aid to Industries Act, 1922 (hereinafter referred to as the said Act), the following section shall be inserted, namely:—

"14-A. Save as otherwise may be prescribed by rules made under this Act, nothing in sections 9, 10, 11 and 14 shall apply to industries with a capital outlay not exceeding one thousand rupees or to cottage industries."

Insertion of section 14-A in Madras Act 7 of 1928.

3. After clause (14) of sub-section (8) of section 19 of the said Act, the following clause shall be inserted, namely:—

"the conditions under which and the security on which loans shall be granted or guarantees of a cash, credit, overdraft or fixed advance with a bank given to the industries referred to in section 14-A."

*Amendment  
of section  
19 of the  
Act of 1931.*

#### STATEMENT OF OBJECTS AND REASONS.

Although the State Aid to Industries Act has been in force for a period of nearly four years, very few applications for aid to cottage and small scale industries have been received. There is reason to believe that this paucity of applications is due to the provision in section 9 of the Act which stipulates that concerns applying for aid should show assets equivalent to double the amount of the loan applied for. If the Act is materially to assist in the development of cottage and other small scale industries, it seems necessary that the restriction of the maximum limit of loan to 50 per cent of the assets should be relaxed.

Another difficulty with regard to these industries is that they are required under section 11 of the Act to maintain detailed accounts, to render several returns and statements and to submit them to the audit of auditors appointed by Government for the purpose. In the majority of cases, these industrialists will be unable to maintain the accounts on the lines required as they cannot reasonably be expected, in view of the small margin of profits they will be able to realise, to incur the expense of employing a clerk or accountant to look after that side of the work and further it would be scarcely fair to expect them to incur the expense involved in the audit of their accounts by approved auditors. It will therefore be necessary to exempt such concerns from the operation of section 11 of the Act in proper cases.

Similarly these small scale and cottage industries cannot apply for any guarantee of a cash, credit, overdraft or fixed advance with a bank as such guarantee can be given only if the conditions prescribed in sections 9 to 12 of the Act are satisfied. It has been explained above that it is necessary to exempt these concerns from the operation of sections 9 and 11 of the Act which governs the grant of aid under section 4 (a) of the Act. For the same reasons, it is necessary that these small scale and cottage industries should also be made eligible for the loans of aid referred to in section 6 (f) and be exempted from the operation of section 14 of the Act.
